

Noice and disturbance complaint

Please fill in all sections of the form carefully. Incomplete information will prevent the complaint from being processed.

All complaints are handled confidentially. If the consequences of the complaint are addressed in court, the person who submitted the complaint may be called as a witness. After receiving the complaint, the landlord will decide whether it will lead to further action. The person who submitted the complaint will not be informed of any actions taken.

Written complaints from at least two separate households are required before legal measures can be initiated. A warning cannot be issued by the landlord based solely on a phone complaint.

Please save the completed form to your device and send it as an attachment through the message function on the Setlementtiasunnot resident portal. Choose the category "Disturbance in housing".

<https://setlementtiasunnot-asukassivut.etampuuri.fi>

If possible, try to discuss the matter with the person causing the disturbance. The issue may be unintentional.

Complainant's information

Name:

Address:

Resident subject to the complaint
